

Curved step units at the entrance of Kinopolis in Antwerp, BELGIUM

Location: Antwerpen (BE)

Public Space

Project details

The staircase at the entrance of the Kinopolis cinema in Antwerp is made up of curved step units with a non-slip Finerro surface. Kinopolis cinema is with 24 screens and 7368 seats the largest cinema complex in the city of Antwerp. In order to better guide the large influx of visitors to the entrance, the stairs at the entrance have been renovated. Urbastyle supplied the curved step units. The non-slip finerro surface and a grey granite colour were chosen. The surface is first...
