

# Stéphane Beel & Xaveer De Geyter Architects – UFO, Gent, BELGIUM

Location: Gent (BE)

Public Space

## Project details

UFO Gent is designed by Stéphane Beel & Xaveer De Geyter Architects. We supplied large format slabs, UHPC benches and claustra as wall cladding. The development of this cultural centre with library is a true socio-cultural injection for the village centre of Zaventem. Urbastyle supplied architectural concrete wall panel. Due to the white aggregates and the white cement, the result is an extremely white colour which gives the building a particularly light appearance. In order...
