

Photo luminescent slabs - Shopping Centre Dockx, Brussels, BELGIUM

Location: Brussels (BE)

Public Space

Project details

Urbastyle supplied slabs with photoluminescent aggregates and concrete street furniture for the new Shopping Centre Dockx in Brussels. The Dockx Shopping Centre in Brussels is a transformation of an abandoned industrial site into a new mixed-use, attractive and dynamic district. The project itself is conceived as a neighbourhood with its streets, squares, houses, shops and offices. At the entrance of the Shopping Centre Dockx is a tram stop for which Urbastyle supplied the street...
