

Pebble-shaped Galet IV outdoor benches for "VAL BENOIT", Liège, BELGIUM

Location: Belgium, Liège

Public Space

Project details

22 Galet IV outdoor benches for the project "Val Benoît" in Liège with a Finerro (ground + shot blasted) finish and customized colour. Val Benoît is a strategic place located at the south entrance of Liège, by the river Meuse, near to the new Guillemins high-speed train station and is well-connected by public and soft transport. The former university site has been transformed into a real part of city life. Renovated with meticulous detail, it's wide open spaces have been retained...
