Location: Munich, Germany

Projects

## Project details

In the cosmopolitan city of Munich, the high school of Munich-North is one of the best sports schools in Germany. This is why the school preaches itself as "The Eliteschule des Sports". In collaboration with the German architect h4a Gessert + Randecker Generalplaner GmbH, we completely transformed the exteriors of this school. We used GDM.TETRAGO stone tiles in different colors and dimensions to create an asymmetrically patterned floor. Custom tiles with...
