Project details

White Cylinder seats for Al Fay Park, Reem Forest, Abu Dhabi For the new Reem Forest project, 27500 m², in Abu Dhabi we supplied Cylinder seats in multiple diameters. The Reem Forest project aims to change the landscape of Abu Dhabi by developing more natural places within the city. By sitting on the Cylinder seats, standard dimension and custom made, the people can enjoy the hundreds of local trees and plants featured, which create a microclimate the keeps the...
