

Planter Round

Anchoring

- ✓ Free standing

Measurements

- ✓ 6 elements compose a ring with Outside/Inside diameter 400/300 cm, height 51cm - 370kg per segment

Multi-segment round planter 6 separate elements together form a planter with outer diameter 400cm and inner diameter 300cm. Planter may be the wrong word here as there is no bottom. Planter box is therefore perhaps a more correct name. The border at the bottom of each element ensures that the paving can be nicely finished up to the beginning of the rounding. This runs...
