## Project details

Rectangular planters for poolside hotel To embellish the poolside of the Doubletree by Hilton hotel in Dubai Marina we supplied 36 of our Mexico Planters. The planters serve as natural border between the pool area and restaurant/bar of the hotel. The Mexico planters for this project have size 120\*60\*115cm, and are in white polished finish. In case of special events in the hotel, the planters can be removed with forklift.
